**GREENWICH MAN'S DEATH  
DECLARED AN ACCIDENT**

That he died a victim of an old motorcycle at Greenwich was ruled by the coroner's jury in a verdict rendered at a hearing held yesterday at the coroner's office.

in his automobile. The traffic officer at the scene of the collision had advised the coroner that the man had been riding in the direction of the coroner's office and was brought out yesterday and was taken to the hospital where he died on August 10.

**CORNER TO PROBE DEATH  
OF BOY BY R. K. TRAIN**

Deputy Coroner Henry C. Brown will conduct an inquest at 11 o'clock this morning in coroner's court on the death of Edward Valaska, 15 years old, who was struck by a west-bound express train shortly before 8 o'clock Monday night on the tracks of the New Haven road at City Park. Edward's two companions ranging in age from 8 to 12 years were with the unfortunate lad when the fatal accident occurred and will render their testimony at the inquest.

**CHURCH SOCIETY TO MEET**  
The Ladies Aid society of the German reformed church will meet at 2 1/2 o'clock Thursday afternoon in the church parlors on Chapel street. Following the business meeting the members and their friends will be the guests of Mrs. William Probst. Visiting guests are Mrs. Harry Cooper, Mrs. Peter Hens and Mrs. Henry Weber.

The Sweeper that answers the cleaning problem thoroughly and at an amazingly low price.

It goes anywhere for dirt and gets it. Lightweight and easy to carry.

The Vacuette Suction Sweeper is not an electric cleaner. It is an "every day" sweeper, because it requires no wires, or plugs or connections. You just grasp the handle and clean from room to room thoroughly without further bother.

It's easy work, too—a child can do it.

The Vacuette pushes as easily as the ordinary carpet-sweeper.

The Vacuette doesn't merely loosen dust and dirt and then drop it back "into circulation." First a large revolving bristle brush shakes the dust and dirt free from rug, carpet or floor and picks up hair, lint and ravelings; then the strong suction lifts that dust and dirt into a spacious bag with a self-closing pocket-mouth. There dirt, dust, matches, ashes, thread, grit, etc., wait until the housewife empties the bag.

All that is best in electric cleaners—all the easy conveniences of the ordinary carpet sweeper—that is the VACUETTE—yet it is free from the drawbacks that make the first a once-a-week sweeper and the second an incomplete cleaner.

Once try a Vacuette, once run its generous suction nozzle across a floor, and you will realize what a useful place it will fill in your daily work.

Your first demonstration will convince you.
