

WITHOUT attachments it is easy to clean stair carpets with the Frantz Premier; so light that you can carry it from step to step; so easily operated that all you do is guide it.

Specially designed tools can be applied quickly when needed to clean upholstery, walls, curtains, books, clothes, furs, woodwork, etc.

Its operation is simplicity itself. Attach plug end of cord to any convenient lamp socket—give snap switch in pistol grip handle a quarter turn and cleaning starts. When through cleaning quarter turn stops machine. Dust-proof bag is easily detached and emptied.

All the power of the Frantz Premier works for you. None is lost through transmission from a generator in the basement. No extra wiring, piping, or installing expense. Costs about one cent an hour to operate.

\$25.00

THE "trouble proof" motor of the Frantz Premier was designed especially by our engineers. It is simple and efficient; sturdy and reliable. Has no complicated parts to get out of order. Not an assembled motor, made from parts picked up here and there, but made complete in our own factory by expert mechanics and guaranteed.

The Frantz Premier has no gears or belts to tear threads or fringe from carpets. Has but two places to oil and both convenient.

But when you buy your Frantz Premier you buy more than the utmost in electric cleaners. You buy Frantz Premier Service—which is insured by our complete organization.
